

Danville Golf Club

Monthly News & Updates ~ June 2022 Issue

PRESIDENT'S MESSAGE

Danville Golf Club Members,

I hope that each of you are doing well and excited that summer is finally here. Things continue to move in a positive direction at Your Club, and I hope that you have had a chance to enjoy a round of golf or meal recently. As you know, we have just opened our pool and sports courts after an extensive renovation over the past year. While there are still a few finishing touches being completed, we are very excited about the end result. I feel that the facility is simply unmatched in the area and hope that all of our members will take advantage of everything offered throughout the summer and beyond. As stated in an earlier communication, we do ask that all members understand the first few weeks of the summer will be a learning process for our staff at the pool. This is a brand-new operation that is far more involved than anything we have had in the past. Staff will be getting trained on new equipment and processes, and there will be a learning curve involved. Additionally, with our membership continuing to steadily grow and the excitement about the facility, it will likely be pretty busy many days. There will almost certainly be a few bumps in the road, and we ask that

the membership be understanding as we work through things early on. From a cost perspective, we ended up spending about 10% more than our original estimate. This came largely from three (3) things that were added during the construction process. These items were adding an interior stairway to allow for easier access to both levels of the pool house, purchasing two (2) new HVAC systems for the pool house, and upgrading the pool house electrical system. The Board felt that these additional expenses were "needs" as opposed to "wants" and I believe the membership would agree. We were able to fund these overages by expanding our loan with American National Bank from \$600,000 to \$700,000. While we did not spend all the additional \$100,000, it was available if needed. Even though we did spend a little more money than our original goal, this will not require any additional assessment to the membership. Our current membership total is at 329, which is a far higher number than we budgeted, and those dues will offset the additional spending that was needed. I am very excited about the position of Your Club as we move forward and hope that each of you are as well. Please let me or any of the Board know if there is anything we can do to make your membership experience better.

Conrad Smith,
DGC President
