

# Danville Golf Club

Monthly News & Updates ~ May 2022 Issue

---

## PRESIDENT'S MESSAGE

Danville Golf Club Membership,

The weather is finally starting to brighten up and so are things here at Your Club! As you have seen over the past couple of months, the pool and tennis court projects have made great strides and are nearing completion just in time for the start of the season. I hope you all share the same excitement as the Board in seeing this major investment come to life. It will be great to see so many members enjoying these facilities throughout the summer months. The golf course is getting greener every day and is shaping up to look great for the summer season. We will be putting new bunker rakes and flags out in the next few days, which will be nice details in an effort to improve the overall golf experience. In other positive news, the membership numbers have steadily increased each month and we are now at 322 members, which is the highest number we have seen in years. With the growing number of members, Your Club is busier than ever. Andrew and his staff continue to do a great job with food service and events, and our business in both the restaurant and event services is exceeding projections. We are currently working to bring on more staff to try to keep up with the demand that seems to be growing by the week. A number of local organizations have moved their business to Your Club over the past few months, which is a major financial boost for the operation as a whole. We are now seeing multiple events and group dinners almost every week, as well as a noticeable uptick in traditional member dining. The increased member numbers and increased revenues in food service have been crucial to helping Your Club remain financially stable. While there is a lot of positive momentum, we are also operating in a business environment where almost everything is getting more expensive. The operation is seeing significant increases in the cost of fuel, chemicals, food, and labor. In order to remain strong and making positive steps forward, the Board is continuing to work to promote membership, event revenues, and the overall member experience. By continuing to focus on delivering the best product possible, we will be able to handle these

additional operational expenses while also improving Your Club. As always, please feel free to contact any Board member with questions or suggestions on how we can best serve Your Club. Thank you for the continued support."

Conrad Smith,  
DGC President

Dear Membership,

First, I'd like to thank you for all the positive feedback about the super busy Easter buffet. We had our hands full with 287 lunches. With the great efforts of both kitchen and wait staff, the day was a HUGE success. We strive to make each member feel like family, especially on holidays. To those that we were forced to turn away, I am sorry for the inconvenience, and I hope you to see you at the Mother's Day buffet.

We are making excellent progress at the pool house and looking forward to the new upgrades. We anticipate the construction to be completed on time. Get your sunscreen and sunglasses ready because this summer is going to be BRIGHT. Our new Island Oasis frozen drink machine just came in last week. Frozen drinks by the pool should bring an extra chill factor to bar area.

Like every business around town, we are still looking to hire a few new staff members to help get through the busy summer months. So, if you know of anyone that would like to work for the Danville Golf Club, please have them contact me as soon as possible. A good attitude and big smile are some of the requirements.

Our new menu should be released this month. We've made our selections and just waiting for printing to arrive! New dishes like Rockefeller Corvina and Aloha Blackened Salmon are sure to be immediate crowd favorites.

Thank you for your support.

Sincerely,  
Andrew Walker
